

Terms of Service

Terms governing use of the MealUp iOS application and related services

Effective / Last updated: 30 September 2026

Please read these Terms carefully. By creating an account, accessing, or using MealUp, you agree to these Terms of Service ("Terms"). If you do not agree, do not use MealUp.

1. About MealUp

MealUp is operated by Yip Angela Hoy Kay in Hong Kong. MealUp is a general-wellness app designed to help users photograph meals, keep a visual meal history, and receive practical AI-powered suggestions for improving meals they already choose to eat.

2. Eligibility

You must be at least 18 years old to create an account or use MealUp. By using MealUp, you represent that you meet this age requirement and have legal capacity to agree to these Terms.

3. Accounts and Sign-In

MealUp may support email/password accounts and Sign in with Apple. You agree to provide accurate account information, protect your sign-in credentials, and promptly notify us if you believe your account has been accessed without authorization. You are responsible for activity under your account except where applicable law provides otherwise.

4. General Wellness Only

MealUp provides general wellness information and meal ideas. MealUp is not a medical service and does not provide medical advice, diagnosis, treatment, clinical nutrition advice, food-safety certification, or emergency services.

Do not rely on MealUp as the sole basis for decisions involving allergies, intolerances, medical diets, eating disorders, pregnancy, diabetes, kidney disease, heart disease, or any other condition requiring individualized professional care. Consult a qualified healthcare professional when appropriate.

5. AI-Generated Analysis, Consent, and Limitations

MealUp uses artificial intelligence, including Google Gemini, to analyze meal photos and generate meal-related suggestions. AI systems can make mistakes. MealUp may misidentify foods, miss ingredients, estimate portions or nutrition-related attributes incorrectly, misunderstand preparation methods, or generate unsuitable suggestions.

MealUp cannot reliably determine hidden ingredients, allergens, cross-contact, food safety, dietary certification, or whether a meal is appropriate for a particular medical condition from a photograph. You are responsible for reviewing the information shown and deciding whether a suggestion is appropriate for you.

Before first sending a meal photo or relevant personal information to the third-party AI provider, MealUp will show a disclosure identifying the provider, the data to be shared, and the purpose. By tapping "Continue," you give permission for the disclosed AI processing. If you do not continue, the relevant AI feature may be unavailable.

You may withdraw permission for future AI processing by stopping use of the AI feature and contacting angelahoykay@outlook.com. Withdrawal does not affect processing completed before the withdrawal and may prevent AI-dependent features from working.

The way a third-party AI provider handles content depends on the provider's service tier, settings, and terms. The current Privacy Policy describes MealUp's current AI service configuration and should be read before using AI features.

6. Your Content

You may upload or create meal photos, meal information, preferences, notes, feedback, and other content ("User Content"). You retain ownership of your User Content.

You grant MealUp a limited, non-exclusive, worldwide license to host, store, transmit, process, reproduce, and technically modify User Content only as reasonably necessary to operate, secure, maintain, and provide the Service, subject to the Privacy Policy and applicable law.

You represent that you have the rights necessary to upload User Content and that your content does not violate another person's privacy, intellectual-property, or other legal rights. Do not upload content containing another person's personal information without appropriate permission.

7. Acceptable Use

You may not misuse MealUp. In particular, you may not:

- Use the Service for unlawful, fraudulent, abusive, or harmful purposes.
- Attempt to access another person's account, private content, or non-public systems without authorization.
- Interfere with, overload, probe, scrape, bypass, or compromise security or usage controls, except where applicable law expressly permits otherwise.
- Upload content that is unlawful to possess or transmit, infringes third-party rights, or contains malicious code.
- Represent MealUp or its AI output as medical, diagnostic, allergy-testing, or professional dietary advice.

8. Free and Paid Features

MealUp may provide a free experience and may place usage limits, credits, or feature limits on free or paid functionality. The limits shown in the app may change as the Service develops. We may add, remove, or change features, provided that we comply with applicable law and any commitments made for an active paid subscription.

9. MealUp+ Subscriptions

MealUp offers auto-renewable subscriptions through Apple In-App Purchases, with RevenueCat used to manage subscription entitlements. MealUp may offer monthly and annual subscription plans. The price, billing period, and renewal terms applicable to you will be shown in the App Store purchase interface before you confirm a purchase and may vary by country or region.

Eligible new annual subscribers may be offered a 7-day introductory free trial. Unless you cancel before the trial or current subscription period ends, Apple may automatically renew the subscription and charge the applicable price according to the terms displayed by Apple. Trial eligibility is determined by Apple and may not be available to every account.

Subscriptions purchased through Apple are billed and managed by Apple. You are responsible for managing or cancelling your subscription through your Apple account settings. Refunds, billing disputes, and store-specific purchase rights are handled according to Apple's applicable policies and mandatory consumer law.

10. Account and Meal Deletion

You may delete an individual saved meal through the app. You may also initiate deletion of your full MealUp account from the Profile screen. The deletion process is designed to remove MealUp account data and stored meal photos within up to 24 hours, subject to limited provider-side technical records, legal obligations, and provider retention practices described in the Privacy Policy.

If you use Sign in with Apple, MealUp is designed to revoke the related Apple authorization as part of account deletion. Deleting a MealUp account does not automatically cancel an App Store subscription. If you have an active subscription, you should separately manage or cancel it through your Apple account settings.

11. Privacy

MealUp's Privacy Policy explains how personal information, meal photos, account data, AI processing, subscriptions, retention, consent, and deletion are handled. The Privacy Policy forms part of these Terms.

12. Third-Party Services

MealUp relies on third-party services including Supabase, Google Gemini, Render, RevenueCat, and Apple. These services may be unavailable, changed, or governed by their own terms and privacy practices. MealUp is not responsible for a third party's independent service, policy, or outage to the extent permitted by law.

13. Apple App Store Terms

Your use of the MealUp iOS application is also subject to Apple's applicable App Store terms and, where applicable, Apple's Standard Licensed Application End User License Agreement. [Apple Standard EULA](#). If these Terms conflict with mandatory App Store terms or non-waivable consumer rights, those rules apply to the extent required.

14. Intellectual Property

Except for User Content and third-party materials, MealUp's software, branding, interface, designs, text, graphics, logos, and other Service content are owned by or licensed to MealUp and are protected by applicable intellectual-property laws. These Terms grant you a limited, personal, non-exclusive, non-transferable, revocable right to use MealUp for its intended purpose.

15. Service Availability and Changes

MealUp may be interrupted by maintenance, technical problems, third-party outages, security issues, updates, or other events. We may modify, suspend, or discontinue features to improve the Service, comply with law, manage security or operational risk, or respond to changes in technology or business needs. We do not guarantee that every feature will always be available on every device or in every location.

16. Suspension and Termination

You may stop using MealUp at any time. We may suspend or terminate access if we reasonably believe you have materially violated these Terms, used the Service unlawfully, created a security or abuse risk, or if suspension is required by law. Where required by applicable law, we will provide any required notice or opportunity to respond.

17. Disclaimers

To the maximum extent permitted by applicable law, MealUp is provided on an "as is" and "as available" basis. We do not guarantee that the Service will be uninterrupted, error-free, completely secure, or that AI-generated information will be accurate, complete, or suitable for every user. Nothing in these Terms excludes warranties, guarantees, or consumer rights that cannot lawfully be excluded.

18. Limitation of Liability

To the maximum extent permitted by applicable law, MealUp and its operator will not be liable for indirect, incidental, special, consequential, exemplary, or punitive loss arising from use of the Service, including loss caused by reliance on AI-generated meal analysis or suggestions. MealUp does not exclude or limit liability where doing so would be unlawful, including rights that cannot be waived under applicable consumer-protection law.

Where liability may lawfully be limited, MealUp's total aggregate liability arising out of or relating to the Service will not exceed the amount you paid for MealUp during the 12 months before the event giving rise to the claim.

19. Governing Law

These Terms are governed by the laws of Hong Kong, without regard to conflict-of-law rules. Subject to any mandatory consumer-protection rights or jurisdictional rights that apply to you, disputes relating to these Terms or the Service will be subject to the courts of Hong Kong.

20. Changes to These Terms

We may update these Terms as MealUp evolves. We will update the “Last updated” date and provide any additional notice required by law. If a change requires your consent under applicable law, we will request that consent before the change applies to you.
